I am still debating about the DB one. These are topics that the governors attending may ask about.

Sadie,

This looks good. Earlier you had mentioned you did not want to engage the media on this, so I'm not sure if you want to keep that in there or not.

Also I am working with Valois on getting a Hot topic and revising the briefing paper.

I made a few edits. Please take a look at.

NORTH DAKOTA UIC CLASS VI PRIMACY

North Dakota formally applied for UIC Class VI (i.e., carbon geo-sequestration) primacy on June 21, 2013. Notification of receipt of the application was published in the Federal Register on August 9, 2013. The application is awaiting approval (and signature) by the Administrator. Once signed, Region 8 and HQ will coordinate media outreach and publication in the Federal Register for public comment on the proposed approval of the first state Class VI program in the nation. **Contacts: Douglas Minter, 303-312-6079; Craig Boomgaard, 303-312-6794**

Sadie,

Here is the last hot topic we did for ND Class VI on August 6, 2014.

I will look for a DB one.

HOT ISSUE

NEXT 30 DAYS – NORTH DAKOTA UIC CLASS VI PRIMACY

After working closely with EPA staff for several months, North Dakota formally applied for UIC Class VI (i.e., carbon geo-sequestration) primacy on June 21, 2013. Notification of receipt of the application was published in the Federal Register on August 9, 2013. In working with HQs, we understand that all regulatory issues have been addressed, and the application has been routed for signature to the Administrator. Once signed, Region 8 and HQ will coordinate media outreach and publication in the Federal Register for public comment on the proposed approval of the first state Class VI program in the nation. *Information only; no action required by the RA/DRA.* **Contacts: Douglas Minter, 303-312-6079; Craig Boomgaard, 303-312-6794**

Do you have access to the dewey burdock briefing paper from last time? It needs to just be a few sentences. Maybe one on ND Class VI too?

Sadie,

Did you want me to generate any hot topics for the Western Gov. Associations meeting this weekend (Dec 6-7)?

Thanks,
